DETAILED ACTION

1. This communication is responsive to the amendments filed on August 22, 2005. Applicant's amendments and remarks have been carefully considered, but are deemed moot in view of the new ground of rejection set forth below.
2. Claims 1 and 9 are rejected under 35 U.S.C. 103(a) as being unpatentable over Callegari (US 5,292,091) in view of Callegari (US 4,921,189).

Callegari '091 (Figures 7-8) shows a railroad switch similar to that recited in the instant claims, including switch machine 2. Said switch machine 2 includes housing 30, two operating rods 131, shifting mechanism 31, and connector assemblies at the ends of the operating rods that are attached to switch points A1,A2. It is noted that the connector assemblies of Callegari are not the same as that recited in the instant claims.

Callegari '189 (Figures 5 and 8) shows a connector assembly as recited in the instant claims; wherein, the connector assembly, as shown in Figure 8 of Callegari '189, comprises a horizontal pivot pin, a vertical shaft provided on its upper end an inner collar member and an outer collar member that are arranged to associate with the horizontal pivot pin, and said vertical shaft being fixedly mounted in the socket bore at its other end.

In view of Callegari '189, it would have been obvious to one skilled in the art to substitute connector assemblies, similar to that taught by Callegari '189, for the connector assemblies of Callegari '091 so as to provide greater flexibility in the connections; and thereby, reducing resistances and stresses on the connections.

Art Unit: 3617

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
